Thoughtfully Crafted Menus

Great events deserve great food.

Our all-inclusive event packages ($130–$170 per guest) include a delicious selection of fresh, flavourful menus alongside your venue, furnishings, open bar, and service—making exceptional events surprisingly affordable.

We're also developing an elevated culinary program for weddings and milestone celebrations, designed for couples and hosts who want to create a truly memorable dining experience.

Looking for something unique? We'd love to collaborate. With over 20 years of experience in Toronto's luxury event market, our team believes the best menus begin with your vision and are built around the experience you want your guests to remember.
